

# The Pilot **Charter**

A one-page agreement that defines a pilot before any work begins.

# ⚡ Human Spark

## THE MODEL

- 1 Project name**  
Plain language anyone recognises.
- 2 Target process**  
Input → Transform → Output. Green Zone, RATES 8+.
- 3 Pilot lead**  
A named person, not a department.
- 4 Success metric**  
One measurable number.
- 5 Kill Date**  
The go/no-go date - six to eight weeks.

Built live in the room before a pilot starts - never as homework.
